The leadership of IASO and the organizing committee of MIDCON 2026 have worked in close collaboration to curate a scientific program that promises to be a true academic feast, catering to all sections of IASO – including trainees, academicians, and practicing surgeons.

As we continue to navigate the ever-evolving landscape of cancer care, staying informed and engaged remains crucial. Our duty remains steadfast: to ensure that the highest standard of care is not only delivered but also **accessible and affordable** to all, regardless of socio-economic background.
